Phone Squad

The Phone Squad Committee is responsible for relaying important information to members of our Synagogue. Whether it's a phone call to notify someone of a birth or of a Sisterhood/Shul event, this is a vital function of the Sisterhood. Keeping congregants informed makes them feel a part of the Kehilla. The Shul also has an active email list for those members with email. For information on subscribing to the listserv, please contact Natalie in the Shul office. Each member of this committee will be responsible for at least ten families to contact.

Welcome New Members Committee

The Welcoming Committee is a group of member volunteers whose mission is to provide a warm, sincere welcome to new individuals or families who have moved into the Columbus area. Whether it's answering questions about the community or the Shul, the volunteers are there to be that friendly "hello" that is sometimes lacking. When the committee is notified of a new family moving into the area, a welcome package is delivered to the family.
